

# WINTER IS NEAR

Are you well equipped for the **snow**?  
DO you need any **winter** gear at **no cost**?

Michigan winters are something even native "Michiganders" fear. With brutally cold wind chills, white outs, and icy roads it's safe to say you'll need a lot of layers to keep you warm. MSU's College of Communication Arts and Sciences' and the Administrative Professional Association Coat Drive offers appropriate winter gear for everyone. Not only do they offer a great selection of coats but they also receive donations of gloves, hats, scarves, and boots in good condition. Stop by during the month of October and stock up for the winter!
